

Kaleigh Lee  
Office 10039

September 8, 2016

Dear Kaleigh,

At TEKsystems, we value the opportunity to give back to the communities in which we live and work through both volunteerism and charitable giving. Much of this is driven by our own employees' efforts to give back to the organizations they are most passionate about and committed to. Your support of Kayaking for Cancer is a perfect example of this passion and commitment for the community, and TEK is proud to be able to support you in your efforts.

TEKsystems has partnered with our parent company, Allegis Group, to provide you with a donation of \$1,000.00 to benefit the Kayaking for Cancer. We hope these funds will contribute to the Kayaking for Cancer's mission and that you continue in your own charitable endeavors.

Sincerely yours,

Faith Johnson  
Vice President  
TEKsystems
